

BU500

Electric cord burnisher offers high productivity in polishing

Ease of use and reliability at competitive price

The Nilfisk BU500 burnisher is a handy and easy to use floor polishing machine ideally suited for daytime cleaning in hospitals, institutions, hotels, retail stores and for contract cleaning companies. With a folding handle it is easy to transport and can be in operation within a few seconds.

Furthermore, it is suitable for marble maintenance.

The 15 metre cable and practical cable holder make it easy to get started and the adjustable handle, big wheels and low noise level add to the ergonomics, easy handling, operating and transport of the burnisher.

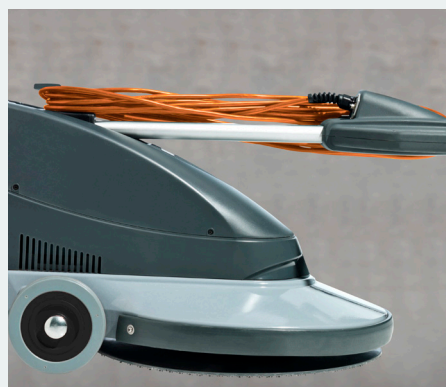

The modern design emphasizes the robustness, durability and easy cleaning of a machine that is complete and worry free.

- Price competitive: extremely competitive on prices against major competitors
- Correct performance: same performance as Nilfisk SDM series in terms of power, sound pressure, balance
- Improved features: cable hook, plug holder, big wheels, safety, easy cable replacement, ergonomic handle
